

The Evolution of High Definition Technology

1288 HD 3-Chip Camera

As the third generation in Stryker's HD 3-Chip camera line, the 1288 HD 3-Chip Camera features a 1920x1080p resolution along with nine specialty settings, resulting in unique color resolution and brightness.

Features:

- 1920 x 1080p resolution
- Enhanced clarity, depth of focus and sharpness
- L9000 light source control from the camera head
- Intuitive touch screen LCD interface

Light

Unlike Ever Before

L9000 LED Lightsource

Now an eco-friendly and cost-savings OR device, the L9000 LED Light Source reduces the environmental waste by eliminating the need to change the LED light bulb.

Features:

- Intuitive simple user interface with LCD touch screen
- Control from the 1288 camera head
- Reduced lifetime ownership cost
- Increased patient and OR safety with Safelight Technology

This document is intended solely for the use of healthcare professionals.

A surgeon must always rely on his or her own professional clinical judgment when deciding whether to use a particular product when treating a particular patient. Stryker does not dispense medical advice and recommends that surgeons be trained in the use of any particular product before using it in surgery.

The information presented is intended to demonstrate the breadth of Stryker product offerings. A surgeon must always refer to the package insert, product label and/or instructions for use before using any Stryker product.

Products may not be available in all markets because product availability is subject to the regulatory and/or medical practices in individual markets. Please contact your Stryker representative if you have questions about the availability of Stryker products in your area.

Stryker Corporation or its divisions or other corporate affiliated entities own, use or have applied for the following trademarks or service marks: 5-Chip, Safelight, Stryker. All other trademarks are trademarks of their respective owners or holders.

The products listed above are CE marked according to the Medical Device Directive 93/42/EEC.
